

## Lecturers' courses – training project for 2018 / 2019

### Project description:

131 pastors and 46 evangelists are in ministry at LELB, they serve in 290 parishes (in 2017). Lecturer is parish's unordained spiritual worker who in accordance with Article 89 of LELB Constitution is working in direct subordination of parish's pastor. The aim of lecturer's ministry is to take part in public worship of parish and to carry out duties assigned by parish's pastor.

The parishes are more in number than pastors and their helpers. With this project we enable possibility for each parish to get their pastor's assistant who serves locally and develops cooperation between parish and society.

The training of lecturers is carried out in Church districts or regions, after LELB Consistory's approved training course (in liturgy, catechesis, ecclesiology) taught by pastors of districts or regions. Districts' deans are responsible for training of lecturers.

Every christened and confirmed lawful LELB parish member can become a lecturer, a member who has good reputation in the parish, and who, being recommended by parish pastor, has listened to a certain Church training course and successfully passed the exam.

### Project offer:

Gregorschool offers for 15 – 20 participants of lecturers' course the possibility to go through training which consists of theological foundation subjects: liturgy, introduction into Holy Scripture, introduction into New Testament, ecclesiology, missiology, catechesis, diaconate, practical theology and personal spiritual life.
